UnitTestHelloWorld.cs

UnitTest

UnitTest.UnitTestHelloWorld

TestMethod()

```
4 using Microsoft.VisualStudio.TestTools.UnitTesting;
5
6 namespace UnitTest
7 {
8     [TestClass]
9     public class UnitTestHelloWorld
10    {
11        [TestMethod]
12        public void TestMethod()
13        {
14            // arrange
15            string expected = "Hello World";
16            MyConsoleHelloWorld myApp = new MyConsoleHelloWorld(expected);
17
18            // act
19            myApp.Write();
20
21            // assert
22            string actual = myApp.getMessage();
23            Assert.AreEqual(expected, actual, false, "Unit Test Failed");
24        }
25    }
26 }
27
```
